WELCOME TO HELLO GARDEN! THE HOME OF POP-UP VEGGIE GARDENS FOR CITY-DWELLERS.

If you have visions of eating fresh homegrown veggies, it's now easier than ever before. To get underway, all you need is a small sunny area outside for your Hello Garden to live. Just choose the garden box you're after, and we'll deliver it and fill it with quality soil, ready to plant. If you'd like us to plant it for you, we can even do that too.
